Further, you agree that the camp may perform a criminal background check before any hiring contract is considered final or valid.

Date _____ Applicant's Signature _____

MONDAMIN/GREENCOVE

Food Service Program

The Food Service program at Camps Mondamin and Green Cove provides us with opportunities to learn and increase our skills in the various activities while working at a paying job. We work in a team-oriented environment with short-term goals attainable on a daily basis, and with long-term goals to strive for over the course of the summer. We also interact in and contribute to the camp community daily.

Naturally, our first and most important commitment is to prepare and present high quality meals in a pleasant, professional manner three times a day that camp is in session. We also have a personal commitment to challenge ourselves by learning new skills and to improve skills we already have. The nature of our program is unique in that we are here to work hard as well as to play hard. Our backyard offers us many opportunities to pursue activities such as canoeing, biking, hiking, and many more.

A pleasant, positive, can-do attitude is the key to success in our program and your summer. There will be times when you will be asked to perform tasks that may not quite fit the description of your job as it would apply to a kitchen in the "real world". Managers, dishwashers, line cooks, utility people and food prep will all be familiar with broom and mop festivities. Line cooks will do some baking and vice versa. Utility people will wash dishes and dishwashers will chop vegetables. We do whatever is necessary to accomplish the task at hand.

As a member of the camp community you will be interacting with virtually everyone from the youngest camper to the oldest counselor. The directors have worked extremely hard to find the people for their staffs who will make the environment enthusiastic and wholesome, the type of people who will be good, positive role models for campers and for that matter, other staff members. Appropriate behavior and action, on your part, is expected. Use of alcohol, illegal drugs and tobacco will not be tolerated.

There are many more variables involved with a successful program such as ours and we cannot begin to cover them all in this brief attempt. Hopefully this gives you an idea of what is expected of you and what you can expect from us. Please feel free to ask questions and provide the feedback that will help you further understand the Food Service program and camp life in general.
